## THE ORPHANAGE.

Rev. Mastin Elected Financial Agent by Trustees.

Meeting of Board of Trustees Last Night—  
Dr. Young Resigns Presidency and Dr. Bledsoe Elected His Successor—Other Important Matters.

A meeting of the Board of Trustees of the Virginia Conference Orphanage was held in the ladies' parlor of Epworth Methodist Church at 7:30 o'clock last night for the transaction of any business that might come before it connected with the orphanage.

Rev. J. T. Mastin called the meeting to order, and on his motion Mr. John P. Branch, of Richmond, was called to the chair and prayer was offered by Rev. F. M. Edwards.

Rev. J. T. Mastin, secretary, read the proceedings of the annual meeting and the meeting of the Executive Committee held in Richmond for re-organization, which were approved.

A letter was read from Rev. Dr. W. J. Young tendering his resignation as president of the board and expressing his earnest interest in the success of the enterprise.

On motion of Rev. Dr. J. W. Bledsoe the resignation was accepted.

At this stage of the meeting Rev. E. H. Rawlings, vice-president, appeared and assumed the chair.

The chair declared that it was ready to entertain a nomination for president, to fill the vacancy occasioned by the resignation of Dr. Young.

A motion prevailed constituting Mr. John P. Branch, Dr. A. Coke Smith and Mr. W. H. Vincent a committee to nominate a suitable person for president.

Mr. C. W. Hardwicke, from the Committee on Plans of Buildings, reported that the committee had selected the following plans and specifications: The first plan, John Kevan Peebles; second plan, Aubrey Hunt, and the third plan, Nowland Baskerville.

The following amendment to the constitution was presented:

That there shall be a financial agent and superintendent of the orphanage, each of which shall be elected annually, and that the superintendent shall have charge of the grounds and buildings and shall be a resident manager of the orphanage under the direction of the Executive Committee.

The financial agent shall have charge of the funds and collection of funds and provisions under the direction of the same committee. The amendment was adopted.

Mr. John P. Branch, chairman of the Committee on Nominations, presented the name of Rev. Dr. J. W. Bledsoe for President and that of Rev. J. T. Mastin for financial agent, and upon his election the board request the bishop at the approaching conference to appoint him as such.

The board decided to vote separately on each nomination, first for president and next for financial agent.

Just before the vote was taken for president, Dr. Bledsoe rose and said that he appreciated highly and sincerely the honor conferred upon him in nominating him for the position, but he thought that there were others better suited for it than himself, and who were better able to push the grand enterprise to the desired end. He said that he would be very glad to yield that honor to a successful consummation of the grand project undertaken.

After the remarks of Dr. Bledsoe, Mr. Branch said that since the Doctor had made his speech he concluded that he was the very man for the place.

The question was called and Dr. Bledsoe was unanimously elected, and Rev. E. H. Rawlings vacated the chair and the meeting over to the new president.

Just before the vote was taken on the election of Mr. Mastin for financial agent, Mr. Geo. W. Jones, a member of the board from Chestnut Street Church, arose and protested strongly against the election of Mr. Mastin to the position, saying that it would be a serious blow to Chestnut Street Church which, under the pastorate of Mr. Mastin, had accomplished the grandest work in its history. He said that he had no doubt that Mr. Mastin would make a success in the position they were about to recommend him for, but he believed that he ought to remain with his present charge. He said to remove him at this time would cripple many of the plans inaugurated by him for the advancement of Methodism in Berkeley. He said the orphanage was a grand project, but that the success of Methodism was a far more important matter.

Dr. Smith and Mr. E. G. Mosely replied to Mr. Jones, admitting all he had said about Mr. Mastin, but told him that there was no other man in the conference better fitted for the position of financial agent of the orphanage than Mr. Mastin, while there were other preachers who could take up the work at Chestnut Street and carry it forward to success, owing to the fact that it was already on a solid basis. At the conclusion of their remarks a vote was taken and Mr. Mastin was unanimously elected.

Mr. Mastin thanked his brethren for the honor they had conferred upon him, but said that he knew very little about the work, but if the Bishop confirmed his election he should enter upon the work willingly, assured of success from a confident trust in God. He said he had been preaching twenty-four years, and that they had been

## SOCIAL AND PERSONAL.

Miss Grahm, soprano at Christ Church, will give a song recital, assisted by Miss Quimby of Suffolk, violinist, next Thursday, November 15th, in the parish house of Christ Church, at 8 o'clock p. m. The public is invited.

Several gentlemen from Binghampton, N. Y., were here yesterday to hunt. They were visitors at the Board of Trade and spent the day in sight-seeing. They were Messrs. James J. Douglas, John W. Cutter, C. J. Moffatt, Wm. W. Sisson and G. W. Beardsley. Mr. Beardsley is the editor of the Binghampton News.

## NEW SEMINARY BUILDING.

MISS WEST BUYS VALUABLE PROPERTY IN GHENT.

Miss Agnes Douglas West, principal of the Leach-Wood Seminary, yesterday purchased from the Ghent Company five lots on the south side of Mary's avenue for \$14,200. Work has already commenced on the erection of a magnificent school building, which, when completed, will be one of the finest in the South. The seminary at present is at the southwest corner of Granby and Freemason streets, which building was recently purchased by Mr. M. B. Crawford at a cost of \$25,000.

## Bad Coughs

If you have taken just a little cold, perhaps vinegar and molasses or a little honey will stop your little cough. Even then there's a "perhaps" about it. Better get Ayer's Cherry Pectoral while you are about it. It cures the easy ones, and the hardest of the hard ones, too. There is nothing so bad for a cough as coughing.

Three sizes: 25c. enough for an ordinary cold; 50c., just right for asthma, bronchitis, hoarseness, whooping-cough, hard colds; \$1.00, most economical for chronic cases.

## FOOTBALL.

Exciting Contest at League Park Yesterday.

The Norfolk Team Defeats the Atlantic City Players in a Stubborn Game—Only Small Crowd Present—Truxton and Herbert Show Up Well.

One of the only football games of any real merit that has been played here this season came off in League Park yesterday afternoon. The opposing teams were known as "Norfolk" and "Atlantic City," and were composed of young men of this city. The first named won by a score of 15 to 0.

The "Norfolk" team was somewhat lighter in weight than the Sixth ward players, but this fact did not seem to make a great deal of difference in the result of the game. Neither team was able to make any ground by line plays, and "Norfolk" owes her victory to the ability of her backs to skirt the ends close behind a good interference.

The referee blew his whistle for play to begin at 4:19, and "Norfolk" having won the toss and taken the kick-off, Pullback Jones sent the pigskin whirling into the "Atlantic City" territory. A good catch and a short, quick dash brought it back about ten yards; then the game was on. First, mass plays were tried, but the light "Norfolk" line would not give ground. The ends were equally as strong, and the ball went over to "Norfolk." Jones was sent crashing into the line for a short gain, but the next play resulted in a loss; Herbert gained around left end by a pretty run, and Truxton succeeded in pushing the ball further down the field by a quick spurt in the opposite direction. "Atlantic City" took a decided stand just here and succeeded in again getting the ball, but lost it on a fumble. "Norfolk" now attempted only end plays and rapidly gained ground.

A long run by Truxton brought the ball to the ten-yard line and Herbert was pushed over the line for the first touchdown. After the kick-off which followed, the ball was kept see-sawing first on one side of the centre line and then on the other. Neither team seemed to be able to make any headway until the half was nearly over, when "Norfolk" redoubled her efforts and succeeded in carrying the ball again down to the "Atlantic City" goal line, and Truxton made the second score.

In the second half the playing was very fierce, "Atlantic City" seemed determined to catch up with the "Norfolk" score, and on the other hand "Norfolk" seemed equally determined not to allow such a thing to happen. In this half the playing of Herbert and Truxton for the "Norfolk" team, and of Jones, Montague and Sykes for the others was excellent. Webber, the right half back for "Atlantic City," also made some good gains.

It was well toward the last of the half before either team had any advantage, and then "Norfolk" made another spurt and the entire team worked to force the ball over for another touchdown. Jones, Herbert and Truxton repeatedly made short gains, and succeeded in pushing the ball nearer and nearer to the line. After several tries by mass plays the ball was given to Truxton, who, aided by Herbert's interference, skirted the end successfully and scored the final touchdown. No goals were kicked.

The line up:

Norfolk.	Atlantic City.
Britt	R. E. Colenda
McClean	R. T. Russell
Cromwell	R. G. Brown
McCoy	C. Jones
Jacobs	L. G. Jones
Gulford	L. T. Pritchard
Gulford	L. E. Sykes
Jackson	Q. E. Face
Herbert	R. H. Webber
Truxton	L. H. Montague
Jones	F. B. Jones
Referee, Mr. White; Umpire, Mr. McCoy; score, 15 to 0; time of game, two 20-minute halves.

## ICE! ICE! ICE!

Do you want the BEST ICE that has ever been offered on this market? If so, buy that made by the NORFOLK REFRIGERATING STORAGE CO. It is made with the latest improved plate system; it does not come in contact with ammonia pipes; it has no white core in center of blocks; free of impurities; it is better than natural ice. It is frozen in five-ton plates and we cut it in blocks of about 300 lbs each. The water is agitated by forcing air through it the entire time while ice is making, thereby forcing all impurities to the outside.
